

List of Roles Requiring an Enhanced Disclosure

This list has been produced on a common understanding of roles within the Church of Ireland. However, roles may differ in various contexts.

For example, a caretaker in one parish may not be involved in regulated activity with children and therefore, wouldn't require an Enhanced Check, while in another parish, a caretaker might lead a gardening group with children and would therefore require an Enhanced Check. It is important that each role is assessed according to the guidance provided by AccessNI to determine whether an AccessNI check is necessary.

<i>Name of Role</i>	<i>Type of Check</i>
