## 3.1A GUIDANCE ON ENSURING COMPLIANCE

Each diocese should have a system for monitoring compliance with the Child Safeguarding Policy which should include the following elements:

- The Bishop of the Diocese and Diocesan Council(s) must set up a Diocesan Support Team and Diocesan Child Safeguarding Panel.
- Safeguarding is a standing item on the agenda for various governance bodies, including Select Vestry, where updates regarding the proactive aspects of safeguarding are given and with due regard for confidentiality.
- Select vestries or their equivalent must complete annual safeguarding returns which report on their safeguarding compliance to the Diocesan Support Team ([3.1A Template 1](#)).
- The Diocesan Support Team should complete a triennial audit of the implementation of the Safeguarding Policy in parishes and diocesan bodies ([Guidance 3.1B](#)).
- The Diocesan Support Team must produce a plan for each parish or diocesan body for action. This can form part of an overall safeguarding plan ([Guidance 3.2A](#)) for the Diocese which should include a training strategy ([Guidance 1.5C](#)) and communication plan ([Guidance 1.6A](#)).
- The Diocesan Support Team reports to Diocesan Council and submits an Annual Report on its activities and overall safeguarding plan for inclusion in the Diocesan Synod Book of Reports.

### GENERAL INFORMATION

All information completed on this form will be stored in compliance with data protection regulations by the Diocesan Support Team and names and contact details of Parish Panel members shared with the RCB Safeguarding Team. This database is accessible only by relevant diocesan personnel and RCB staff (for Parish Panel names and contact details). Data shared with the RCB will be stored on a cloud-based database which RCB staff and personnel from Enclude (the charity contracted to develop the system and to provide IT support for the database) will be able to access.

The data will not be used by any parties other than the Diocese and RCB. Email addresses and phone numbers will be used solely for sending information regarding safeguarding updates, support, and training opportunities. They will not be shared with any other parties.

By completing this form, you are providing consent on behalf of the Parish and the Parish Panel members for the data to be added to the database.

The closing date for completing this form is:

*[INSERT DATE]:*

This form must be completed for each Select Vestry and shared with the Diocesan Support Team. Separate forms should be completed for each Select Vestry in a group or union.

If you have any queries, please contact your Diocesan Safeguarding and Compliance Lead.

### 3.1B GUIDANCE ON THE TRIENNIAL AUDIT

The triennial audit is conducted with each parish and diocesan body operating under the Child Safeguarding Policy to ensure their compliance and implementation of the policy.

The triennial audit is undertaken by the Diocesan Support Team meeting, face to face, with the Parish Panel at a mutually convenient time and in the Parish (usually in the premises where relevant records are held in order to access same). When doing a triennial audit of a diocesan body (e.g. Diocesan Youth Council), it may be more appropriate for the management committee and staff of the diocesan body to meet with the Diocesan Support Team to complete the audit.

Parish triennial audits can take between 30 minutes and 2 hours to complete depending on the parish and the number of children's ministry activities taking place and the number of staff and volunteers in the parish and how organised their records are. Triennial audits of diocesan bodies will vary in length depending again on number of activities, etc.

Audit process:

1. The Diocesan Support Team should notify the Parish/diocesan body that their triennial audit is due to take place and arrange a mutually convenient date and time to meet.
2. The Diocesan Support Team member can email a copy of the audit form **(3.1B Template1)** in advance to the Parish Panel members (or equivalent) so they can prepare for the meeting.
3. The Diocesan Support Team member will use information on the last annual return **(Guidance 3.1A)** to double check the personnel in the Parish are the same. These have to be agreed in advance with the Parish and consent sought from the data subject to allow the Diocesan Support Team member to view their record, or alternatively each of these records can be amended to include a privacy statement that the records are also available to the Diocesan Support Team as part of the audit process.
4. The Diocesan Support Team member will complete the audit by asking questions to the Parish Panel and seek the evidence for answers as follows:
  - a. Ask to see the Panel notices displayed on premises.
  - b. Ask to see the Child Safeguarding Statement (ROI only) displayed on premises.
  - c. Ask to see the children's information poster displayed on premises.
  - d. Once the Panel have answered the questions on the new appointments, ask to see a number of files for staff/volunteers and check that the contents correspond with the answers. These have to be agreed in advance with the Parish and consent sought from the data subject to allow the Diocesan Support Team member to view their record (i.e. there is an application form, references, interview notes, vetting disclosure, identification documents, declaration of acceptance, annual review forms).
  - f. Ask to see previous years' attendance records (the Panel should have received these from groups at the end of each year for safekeeping in the Panel SGT filing cabinet).

- g. Ask to see the complaints and whistleblowing procedure and make sure it has been updated in line with new templates. If not able to provide, direct to templates on website.
- h. Ask to see the grievance procedure and make sure it has been updated in line with new templates. If not able to provide, direct to templates on website.
- i. Ask to see anti-bullying policy and make sure it contains cyberbullying section. If not able to provide, direct to templates on website.
- j. Ask to see communications policy. If not able to provide, direct to templates on website.
- k. Ask to see working in partnership with parents/carers. If not able to provide, direct to templates on website.
- l. Ask to see health and safety statement and last safety audit undertaken.
- m. Ask to see latest health and safety risk assessment of activities.
- n. Ask to see where the evacuation procedures are displayed.
- o. Ask to see where the assembly point is marked.
- p. Ask to see accident/incident report forms/books.
- q. Ask to see agreements in place for external groups using church property.
- R: Ask to see local safeguarding risk assessments completed on children's activities.

Where an answer is no to an item, then if the Diocesan Support Team member has access to the previous audit/evaluation, they will check and see if the item was outstanding at the last audit and whether it was included in an action plan.

5. Where possible, the Diocesan Support Team should provide the Parish with a list of all those who have attended training from the Parish within the Diocese. The Diocesan Support Team member will go through the list with the Panel and delete any of these no longer involved as staff or volunteers with children's activities. This will allow the Diocesan Support Team to identify any new staff and volunteers who need training and any current staff and volunteers that require refresher training in line with the Diocesan Training Strategy.
6. When the Diocesan Support Team member has finished going through all the questions, they will go back through them and see where the answers have been NO and identify the actions that need to be taken to change those answers to YES and put these actions into an action plan for the Parish.

The Diocesan Support Team member will then go through the action plan with the Panel and ask them to identify who is best in place to ensure the individual items on the action plan are achieved and agree a timeframe for them to be completed by. Some actions can be undertaken in a short time frame (e.g. putting up notices), some will require a longer time frame (e.g. agreeing policies, having select vestries adopt them and circulate to workers), whilst some will be ongoing items which cannot be given a definitive time frame (e.g. ensuring that all steps in recruitment process are undertaken).

Following the audit, the completed audit form (**3.1B Template 1**) is emailed to all members of the Panel so they have a copy for their records. Audit forms will also be emailed to the Bishop / Bishop's secretary / Diocesan Office / Diocesan Secretary at agreed times during the year to ensure that the diocesan records are complete. If anything is raised by Panel members at the audit that needs to be dealt with by the RCB Safeguarding Team, it is advisable to contact them as soon as possible following the audit.

### 3.1C GUIDANCE ON NON-COMPLIANCE

Following an audit and triennial review if a parish or diocesan body is not complying with the child safeguarding process, the first step should be to offer support and help to assist them in overcoming any issues they may have. If after an initial offer of support the parish or diocesan body is still not complying further support should be put in place alongside a formal letter of concern.

If after these first initial stages, there is still no action being taken to address non-compliance, the Bishop or Diocesan Council will engage with those responsible for safeguarding locally to address the issue. This may also involve other bodies such as the RCB, insurers or relevant Charity regulators. If the non-compliance is a breach of a law, advice may also be sought from the relevant statutory authorities.

This approach is summarised below:

- 1. Stage one of non-compliance** – The Diocesan Support Team or Compliance Officer will offer advice, guidance and support given to enable move towards full compliance.
- 2. Stage two of non-compliance** – The Diocesan Support Team or Compliance Officer will offer additional advice and support along with a letter of concern highlighting the aspects of non-compliance.
- 3. Stage three of non-compliance** – The relevant people responsible for safeguarding compliance at the local level will be engaged with the Bishop and/or Diocesan Council, to set out the nature of non compliance and implications for ongoing lack of compliance, this may include a report to the RCB, the insurers and the relevant charities oversight body in the jurisdiction.

### 3.1D GUIDANCE ON SAFEGUARDING HANDOVER

The Constitution sets out that implementation of child safeguarding is the responsibility of the Bishop and Diocesan Council. However it is important that those involved in safeguarding at every level (parish and diocesan) must ensure continuity as far as possible.

It is therefore essential that the Bishop, and Incumbents upon coming into office, familiarise themselves with their Child Safeguarding Policy and procedures, the child safeguarding structure, personnel, and relevant records.

Where possible, incoming Bishops, Incumbents, Diocesan Support Team members, Diocesan Panel members, and Parish Panel members should meet with their outgoing equivalent in person to share all relevant issues and familiarise themselves with the processes that are in place relevant to their role. This may include the following:

Bishops:

- Should receive a briefing from the Diocesan Child Safeguarding Panel on all cases against church personnel relevant to their Diocese, which includes the status of reporting to the statutory authorities, management plans and responses to complainants and respondents.
- Should receive a briefing from the Diocesan Support Team on the current safeguarding plan and any issues around non-compliance.

Incumbents:

- Should receive a briefing from the Parish Panel relating to:
  - Current activity with children and steps taken to mitigate risk
  - Any procedures in place to manage Persons of Concern
  - All allegations shared with them by the Diocesan Safeguarding Panel.

### 3.2A GUIDANCE ON DEVELOPING A SAFEGUARDING PLAN

Alongside the action plan from triennial audits the Diocesan Support Team must develop a child safeguarding plan to assess the effectiveness of the steps it is taking to keep children safe.

The purpose of this internal child safeguarding plan is to set out **what, how, who and in what time frame** key elements of child safeguarding practices and procedures are going to be met. A child safeguarding plan should include the following:

- **Specific objectives linked to each of the safeguarding standards.** It is important that specific objectives are set in line with the child safeguarding standards and any previous annual audit recommendations. These objectives can be broken down into set actions.
- **Resources.** The achievement of this child safeguarding plan is fully dependent on the availability of sufficient resources. In order to successfully implement the plan it is important to set specific and realistic objectives linked to identified allocated resources.
- **Implementation.** The Diocesan Support Team should identify clear time frames for implementation, which should take account of the completion of the local annual returns and triennial audits.
- **Review and evaluation.** It is important that this plan sets clear dates for review of each specific objective outlined in the plan. These review dates should be achieved on an annual basis, and reviews should take account of the outcomes of the annual returns.
